

## Brookfield R-III School District Recommendations for Spectators at Fall Athletic and Extra-Curricular Events

Due to on-going concerns with the spread of Covid-19, the Brookfield R-III School District has set out the following recommendations for spectators at athletic and extra-curricular events.

- **STAY HOME IF YOU ARE SICK-** no spectator should attend a Brookfield R-III athletic or extra-curricular event if they are sick. Please refer to the [Daily Wellness Checklist](#) for a self-assessment of whether or not you should be attending an athletic or extra-curricular event.
- **SOCIAL DISTANCE-** the Brookfield R-III School District recommends that you sit with your immediate family members and maintain a distance of six feet at all times from other spectators whenever possible. We further recommend that you bring your own seating (lawn chairs) to assist in this process for outdoor activities (i.e. football and softball games). This will help with social distancing and prevent over-crowding in the bleachers.
- **WEAR A MASK THAT COVERS YOUR NOSE AND MOUTH-** The Brookfield R-III School District recommends that you wear a mask that covers your nose and mouth any time you are not able to maintain six feet of social distancing between yourself and other spectators at an athletic or extra-curricular event.
- **WASH AND/OR SANITIZE YOUR HANDS THOROUGHLY AND FREQUENTLY-** The Brookfield R-III School District recommends that spectators wash and sanitize their hands frequently. Additional hand sanitizer stations will be available at all athletic and extra-curricular events to assist with this process.
- **COUGH/SNEEZE INTO A TISSUE OR THE ELBOW OF YOUR SLEEVE-** To help prevent the spread of contaminants, please cough and or sneeze into a tissue or the elbow of your shirt sleeve.
- **WATCH THE GAMES AND EVENTS VIA LIVESTREAM-** We are working on the capability of broadcasting games and extra-curricular activities live.

If/when those games and activities are available for livestreaming, we will send out instructions for spectators to access those events.

**\*Athletic and extra-curricular activities are an essential part of the development and education of our students. The Brookfield R-III School District recognizes the importance of these activities and believes that adhering to these outlined measures will help our students have as many of these experiences as possible. Thank you for your cooperation and your support of our students, coaches and sponsors in their athletic and extra-curricular endeavors.**

**\*\*These guidelines and recommendations are subject to change based on current national, state, and local guidelines.**

**Respectfully**

**Dr. Kyle Collins, Superintendent and**

**The Brookfield R-III Administrative Team**
